EXPERIENCE

Software Development Trainer
Codersbay

📅 September 2023 – today   📍 Linz, AT

- Trainer for web topics (HTML, CSS, JavaScript, React, Next.js, etc.)
- Course Leader

Full Stack Software Developer
Markus Kurzmann Software Development

📅 Jan 2017 – today   📍 Vienna/Stockerau, AT

- Focus on web and mobile applications
- Primary Technology Stack: JavaScript based (Typescript, NodeJS, React, React Native, Redux, Next.js, SQL, NoSQL, Jest)

  This is the technology stack I have been working with over the course of 3+ years now.
- Secondary Technology Stack: Java, Angular, C, C++, Arduino, etc.

  This is a collection of technologies I have been working with for a certain period of time in my past. I have collected multiple years of experience on these, but they have not been a part of my most recent projects.
- Regular contribution and creation of open source projects/libraries, made available for others via *npm* (check my *github* account)
- Involved in DevOps (Jenkins, Docker, Kubernetes, TeamCity, etc.)
- List of most recent projects:
  - www.c2-circle.com - frontend teamlead for Apple Partner Project (Next.js, React)
  - Infotainment system for a private nursing home - this includes automatization of terminal's media content plus video streaming
  - Real estate mobile app - book and visit apartments that are equipped with smart locks - talking to an existing *GraphQL* endpoint and using multiple services by *AWS*

Tutor for *Monitoring and Controlling of Software Projects*
TU Vienna

📅 2017 – 2018   📍 Vienna

Software Developer
BearingPoint GmbH

📅 July 2014 – Oct 2017   📍 Vienna

- Backend + Frontend Development for ABACUS/GMP software product (BearingPoint Software Solutions)
- Product's source code sits on top of another application's code, based in Germany (Java, Oracle Database, etc.)
- Testing
- Automating tedious daily tasks via scripts

1st Level Support + Administration
BUWOG + ORF Online und Teletext GmbH

📅 2009 – 2012   📍 Vienna

LIFE PHILOSOPHY

"Learn the rules like a pro, so you can break them like an artist."
